ENERGIEWENDE
A GLOBAL GREEN DEAL

Be part of the

6th Berlin Energy Transition Dialogue

24–25 March 2020

at the Federal Foreign Office in Berlin, Germany

Experience the full range of **Energiewende** events
during the Berlin Energy Week from 23–27 March 2020

The Berlin Energy Transition Dialogue

The inspiring Dialogue on the global energy transition continues with high-level participants from politics, industry, science and civil society.

This year's Dialogue will focus on the need of a "Global Green Deal" with the aim of transforming the energy sector and the economy to reach climate neutrality by 2050.

The
Federal Government

REVIEW OF 2019

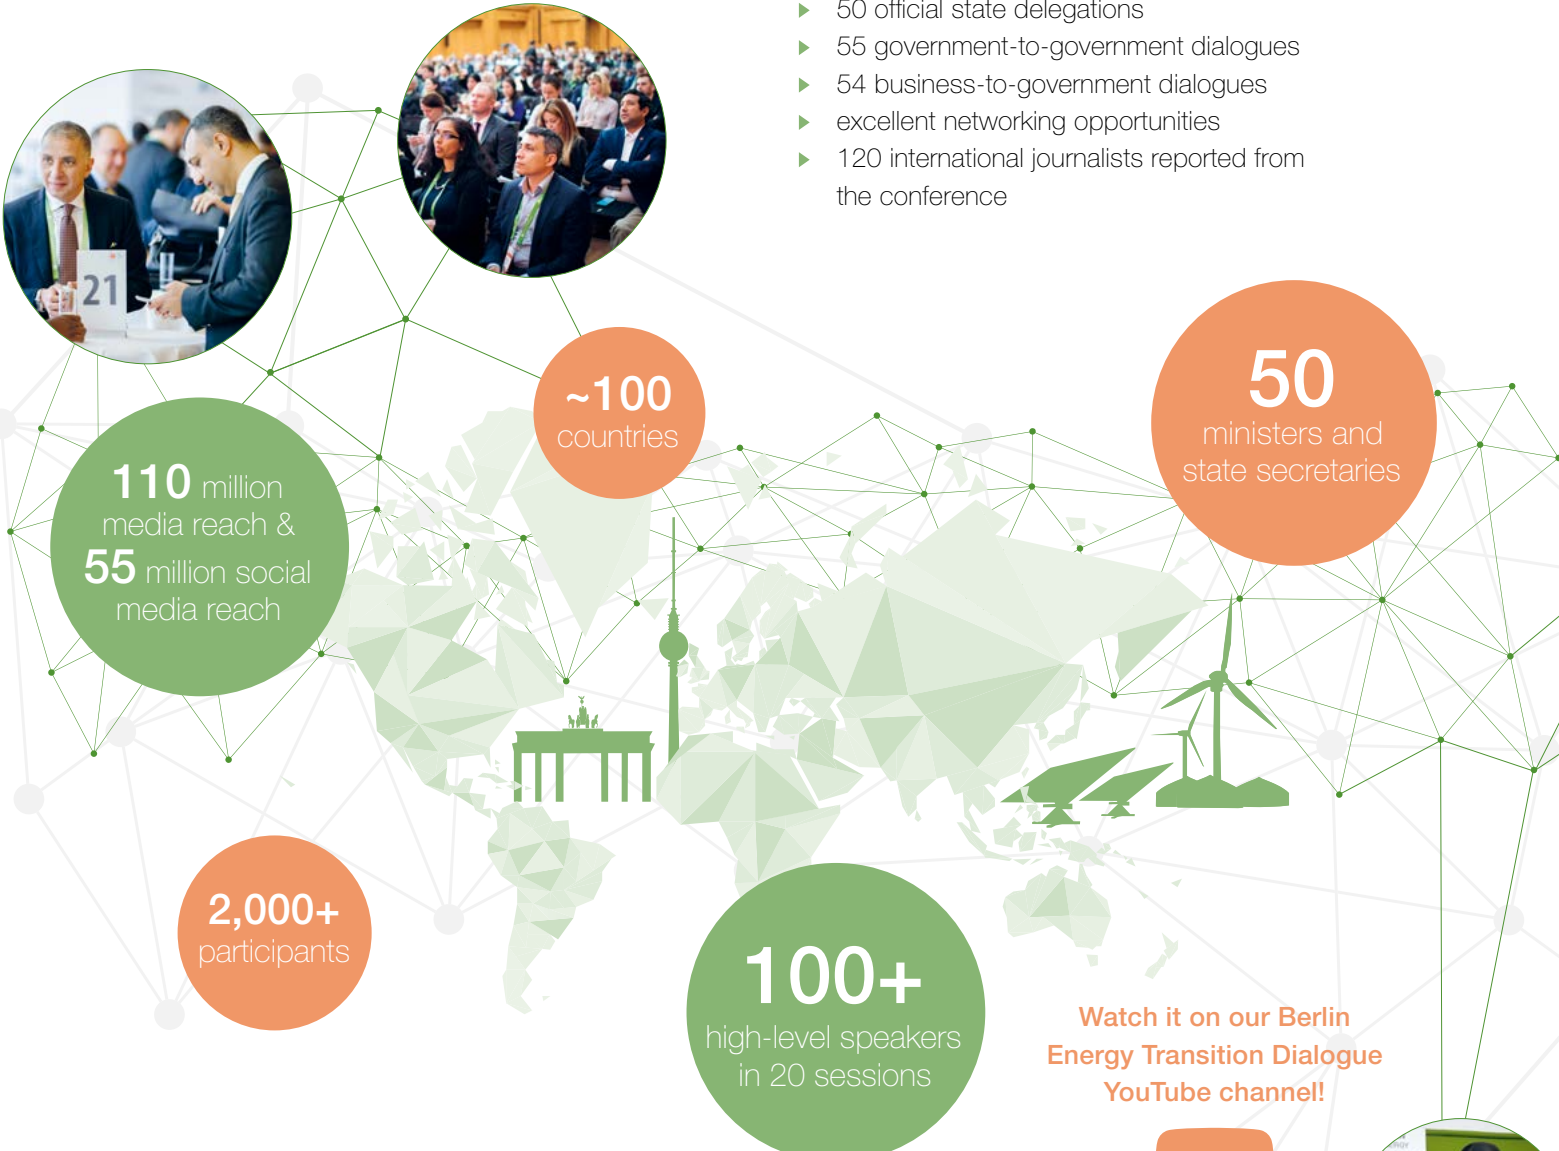

Accelerating an innovative energy transition integrating all sectors

More than 2,000 international decision makers came together during the two-day conference to discuss the fundamental transition of the global energy sector.

Highlights of the Berlin Energy Transition Dialogue 2019

Participants discussed innovative concepts and shaped the political discourse:

- ▶ 50 official state delegations
- ▶ 55 government-to-government dialogues
- ▶ 54 business-to-government dialogues
- ▶ excellent networking opportunities
- ▶ 120 international journalists reported from the conference

Watch it on our Berlin Energy Transition Dialogue YouTube channel!

THE GREEN
ENERGIEWENDE
SOFA
[@greensofa_betd](#)
[#betd2020](#)

The Green Energiewende Sofa is the icon of the Berlin Energy Transition Dialogue. It travels the world and collects statements and views on the #Energiewende at major conferences and events.

- ▶ 40 stops, 500+ VIPs, 3,500+ visitors
- ▶ 55 million social media reach
- ▶ 6 continents (carbon offset)

OFFICIAL SIDE EVENTS

Guided tours – experience how the energy transition is becoming a reality!

- ▶ 10 fascinating guided tours with more than 110 participants to the hubs of the German Energiewende
- ▶ Meet visionary entrepreneurs, technology developers, leading researchers and energy experts
- ▶ Topics include: renewable energy technology producers, self-sufficient energy communities, energy suppliers, self-driving vehicles and future mobility concepts, and a variety of energy-efficiency applications

Empowering Women in the Energy Transition

- ▶ Fostering the female voice in the energy transition
- ▶ Peer-to-peer exchange among leading female energy experts
- ▶ 150 international participants in 2019

Networking event of the Federal Ministry for Economic Affairs and Energy

The German Energy Solutions Initiative of the Federal Ministry for Economic Affairs and Energy gathers together interested participants of the BETD to learn about German-made climate-friendly energy solutions and connect them with German company representatives.

Evening reception of the BETD & Start Up Energy Transition Award ceremony

The evening reception is one of the highlights of the Berlin Energy Transition Dialogue, serving as the melting pot of the Berlin Energy Week. Guests of the BETD come together with the Start Up Energy Transition Tech Festival participants to witness the recognition of the top start ups from the Start Up Energy Transition Award.

Meet the German industry!

- ▶ Organised by German energy associations
- ▶ In-depth knowledge from energy experts
- ▶ Wide variety of energy-transition-related topics

BERLIN ENERGY WEEK 2019

The conference sets the stage for the Berlin Energy Week: over the course of one whole week, unique hands-on experiences of the energy transition, along with official side events and guided tours, receptions, business-to-government formats, workshops and conferences bring together the who's who of the global energy transition.

- ▶ More than 30 cutting-edge sessions and events
- ▶ High-level participants from politics, industry and the tech scene
- ▶ Excellent networking opportunities

In 2019, the Berlin Energy Week comprised the following events:

Start Up Energy Transition

Award | Tech Festival | Network

The Start Up Energy Transition Tech Festival is an outstanding opportunity to mingle with high-level international decision makers, business leaders, investors, entrepreneurs, blockchain experts and ambitious fresh minds.
