

Official Side Event of the Berlin Energy Transition Dialogue 2020

Guided tour: Electro Mobility Solutions

Monday, 23 March 2020 | language: English |

While it is clear that electro - mobility is on the rise all over the world, questions remain as to which concepts and which technologies are possible, and more importantly, which are indispensable for a successful energy transition. For greater insight into the future of mobility, join us to learn about electric and alternative energy vehicle fleets, future mobility concepts, EV charging solutions and infrastructure, and the integration of electric mobility and smart grids.

Please note: Due to safety reasons, some sites can only be visited with flat and sturdy shoes.

Changeable weather conditions require weatherproof clothing.

Filming and photography are not allowed unless otherwise indicated at the site.
